We would like to thank the Fire Department once again for their support in starting the race, providing marshals and escorting the runners to the finish line. A great big thanks to all the other volunteers who marshaled and manned the 5K and Finish Line. The success of this event is all down to the volunteers. The second Trinity Fort to Forge race was a great success. The number of participants increased to 27 with quite a few returning for a second time. Well done to the winner, Robert Jobling. This was his second win and he knocked nearly 2 minutes off his time from last year.

Finally, I would like to thank our sponsors, Sweet Rock Ice Cream who, not only donated a substantial amount to this year's charity (Young Adult Cancer Canada) but also provided the delicious edible medals to the competitors and volunteers.
