

The Town of Trinity is reminding everyone about *Policy H-1* in our Municipal Plan that states - "*mobile or prefabricated buildings shall be prohibited in the Heritage Area*". The Town is therefore discouraging RV's to be parked for extended lengths of time in the Heritage Area and we are encouraging RV users to use the two existing campgrounds in the area - Trinity Cabins and Lockston Path Provincial Park - where proper hook-ups are also available for water and waste water. To view more details on the Heritage Area regulations please visit the Town website - [www.townoftrinity.ca](http://www.townoftrinity.ca) or contact the Town Office at [CouncilTrinity@netscape.net](mailto:CouncilTrinity@netscape.net) or 709-464-3836. Thank You.
